

Product Overview

Waveform Technology's (WFT'S) Rack-mount fiber patch panel are used to house fiber termination and accommodate patching of fiber links. The compact rack-mount allows easy access when installing up to 12/24 port fibers in a 1U rack space. The cable entry points are sealed with Rubber Grommets. Slide-able cover for easy installation and maintenance. The Aluminum body provides excellent protection for the inside fibers. A large variety of connector adapters are offered to meet your specific requirements.

Feature

- 19" rack installation is available.
- Maximum core can reach 24C
- Easy Installation and Maintenance.
- FC/SC/AT/Other Adaptor for option.
- Getting proper bend radius and storing greater than 37.5mm.
- Cost effective and economical.
- Aluminum Body powder coated.
- Compliant with Bellcord 、ANSI-FDDI 、ANSI / EIA / TIA 492.

Application

- Local Area Network
- Wide Area Network
- FTTx System
- CATV/Access Networks
- Test Instrument
